

Dear Parents,

As we continue our learning in Kindergarten there are a few items with which we are hoping for your assistance.

- For our History Unit, we need each child to bring in an artefact. This may be a photo of a special time in their life or a special object (a photo of the object can be a good alternative if the object is too precious to send in). The purpose of this activity is for your child to be able to tell us a story about where the artefact came from. An example of this might be, “This is a photo of my fourth birthday. We had a cake and my family sang me ‘Happy Birthday.’”

If any families would also like to create a short video to be shared with Kindergarten, this would be fantastic! The video could tell a story about your child’s past e.g. how they celebrated a special occasion such as a birthday or Christmas. If you choose to create a video it can be emailed to holycross@parra.catholic.edu.au

- Next week there will be a table placed outside the Kindergarten classrooms with a map of the world on it. Together with your child, we are asking if you could please place a sticky label indicating your child’s place of birth. If you are unable to come in to do this, sending a note with your child could be an alternative.

Thank you for your assistance with these items.
